

**NATIONAL
HANDWRITING
COMPETITION
2017**

www.handwritingcompetition.com / www.indianolympiads.com

Dear Parents,

Most people never consider the complexity and difficulty of the writing process. Infact, relative to all other academic activities, writing requires more basic skills than perhaps any other.

This competition is being held to create an awareness with regards to the importance of having good handwriting among students, teachers and parent communities.

Encourage your child to participate in National Handwriting Competition 2017.

*With warm regards,
Stephen V
National Controller
ASK India Society*

Presented by:
